

COMPLETE GUIDE TO CUSTOM FEATURES FOR THE CHEVY CORVAIR

GREENBRIER

SPORTS WAGON

CHOOSE FROM THESE TAILOR-MADE FEATURES . . .

add even more utility to the world's most versatile vehicle

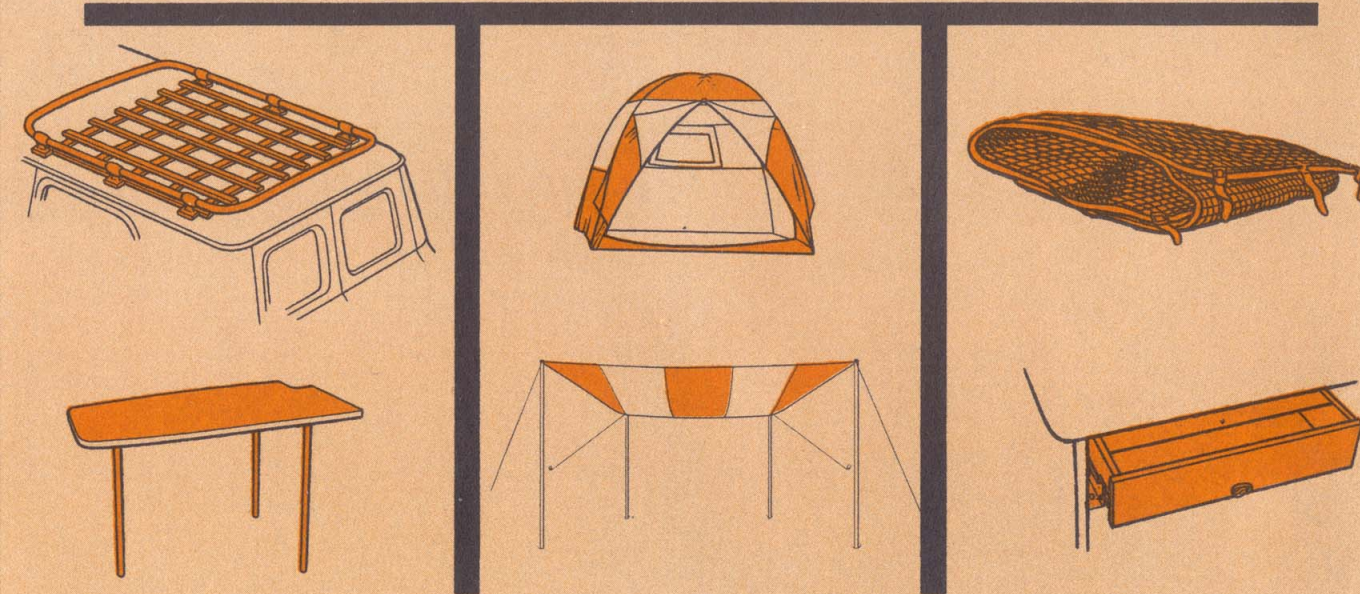

The roominess and practicality of a van, the smartness and versatility of a station wagon. That's what you get in the new Chevy Corvair Greenbrier Sports Wagon and the Greenbrier De Luxe.

It's called the world's most versatile vehicle—and with good reason. Double doors at curbside and rear for easy loading, over 175 cubic feet of cargo space, seating comfort for nine passengers*, and superior rear engine traction make the Greenbrier the ideal, all-purpose vehicle for town or trails.

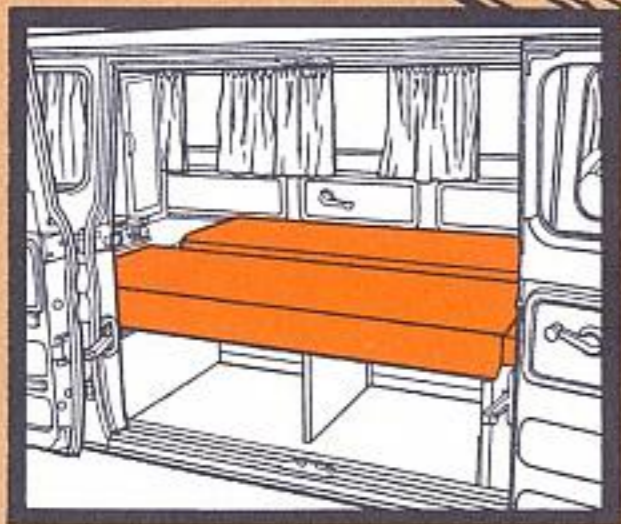

To add even more utility to this versatile vehicle, your Chevrolet dealer offers a host of custom-made options for the Greenbrier. There's a big selection of camping equipment, an ingenious table, a cargo net, and other practical aids for the outdoorsman, the businessman, and the family man.

Take a look at these custom features on the following pages. They'll help you tailor the Greenbrier to your specific needs—make it the most versatile vehicle you've ever enjoyed for work or pleasure.

**with optional third seat available at extra cost.*

All Greenbrier equipment described in this literature is available at extra cost. Illustrations and specifications are based on the latest product information available at the time of publication approval. The right is reserved to make changes and also to discontinue equipment at any time without notice. Chevrolet Motor Division . . . General Motors Corporation . . . Detroit 2, Mich.

CUSTOM CAMPER UNIT

converts the Greenbrier into a complete camping home

Here's the ultimate in camping comfort and convenience—a custom-made unit that converts the interior of the Greenbrier into a combination bedroom, living room and kitchen. To pitch camp, you just park your Greenbrier and you're all set. The complete unit is easy to install, yet converts back to the original vehicle in minutes through the use of simple wing nuts. Rear storage wall is arranged to allow driver rear view vision through rear doors.

Custom Camper Unit includes:

COUCH BASE—with two drawers, each 17½" wide, 30" deep, and 8½" high.

TWO POLYFOAM COUCH-BED CUSHIONS—Covered with a handsome fabric to match drapes. Each cushion 24" wide, 63" long, and 5½" deep. At night the cushions can be positioned to form either twin beds or a double bed.

POLYFOAM BOLSTER CUSHION—At head of bed. 9" wide, 60" long and 3" deep. Fabric matches couch-bed cushions. Actually extends bed to 72".

KITCHEN COUNTER—With full length Formica top and silverware drawer. Complete unit 15½" wide, 60⅝" long, and 4⅜" high.

REAR STORAGE WALL—Large center opening for cooler, luggage and miscellaneous items. Storage cabinet on right side contains clothes rod and features 8½" x 23" mirror on door. Left storage cabinet features two ½" thick shelves and identical mirror on door. Overhead center compartment, complete with door, provides additional storage—28⅝" wide, 15⅜" deep, 5½" high.

VINYL FLOOR—On ¼" plywood with chrome moldings. Installed over standard floor.

DOOR-MOUNTED TABLE—20" x 16" drop-leaf top constructed of sturdy ½" plywood. Solid gumwood bracket and supports.

COLEMAN COOLER—7-gallon capacity. Corrosion-proof Royalite base and interior. Therma-Lock styrene insulation. Lift handle locks lid in place. Model 5213-700 or equivalent.

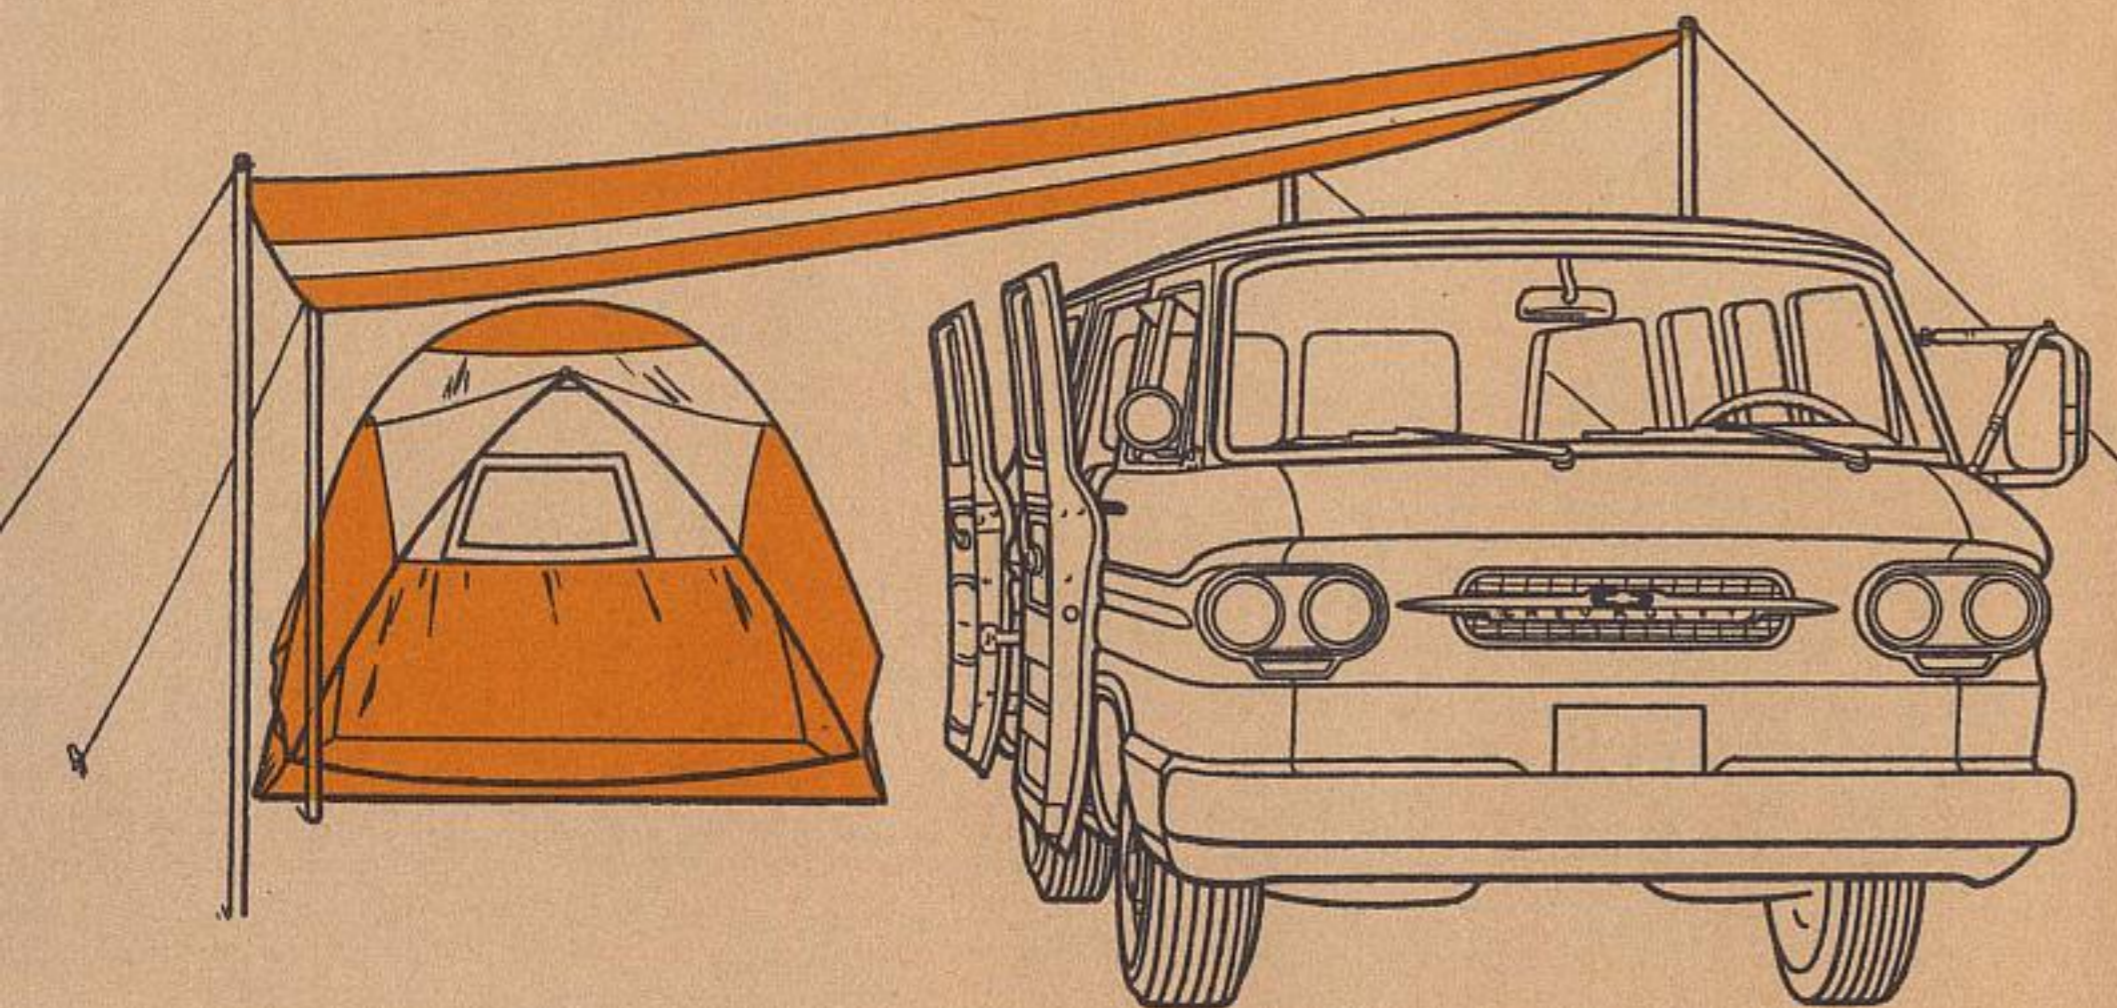

COLEMAN JUG—1-gallon De Luxe model with shoulder spout and Pitcher Pour handle. Royalite base. Therma-Lock styrene insulation. Easy-to-clean porcelain enamel liner. Model 5511-700 or equivalent.

COLEMAN STOVE—Single burner LP gas stove. Chrome-plated grill snaps off, easy to clean. Model 5402-731 or equivalent.

DRAPES—Provide complete privacy, keep out light for comfortable sleeping. Eight sets of drapes with spring rods and hangers cover all side windows, rear windows, and rear of front seat. Fabric matches couch-bed and bolster cushions.

CUSTOM CAMPER UNIT—985103

Complete package, 27" x 35¾" x 72", shipped direct to dealer with installation instructions and mounting hardware. Individual items in the Unit are available on request for replacement and other purposes.

TENT UNIT snaps up in minutes . . . fits into a compact bag

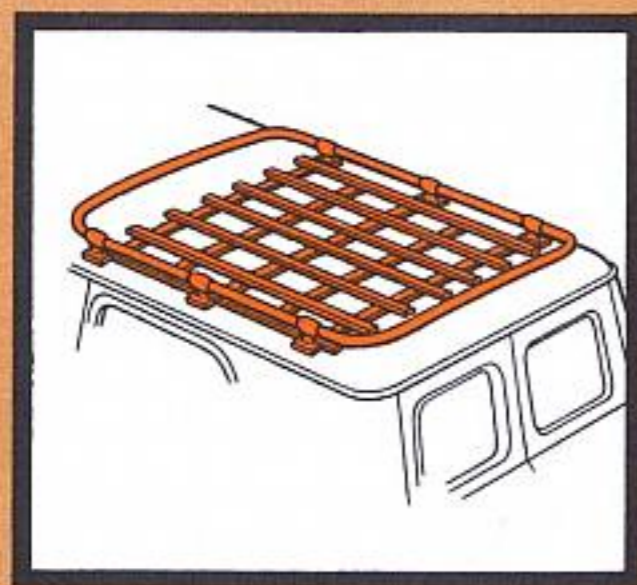

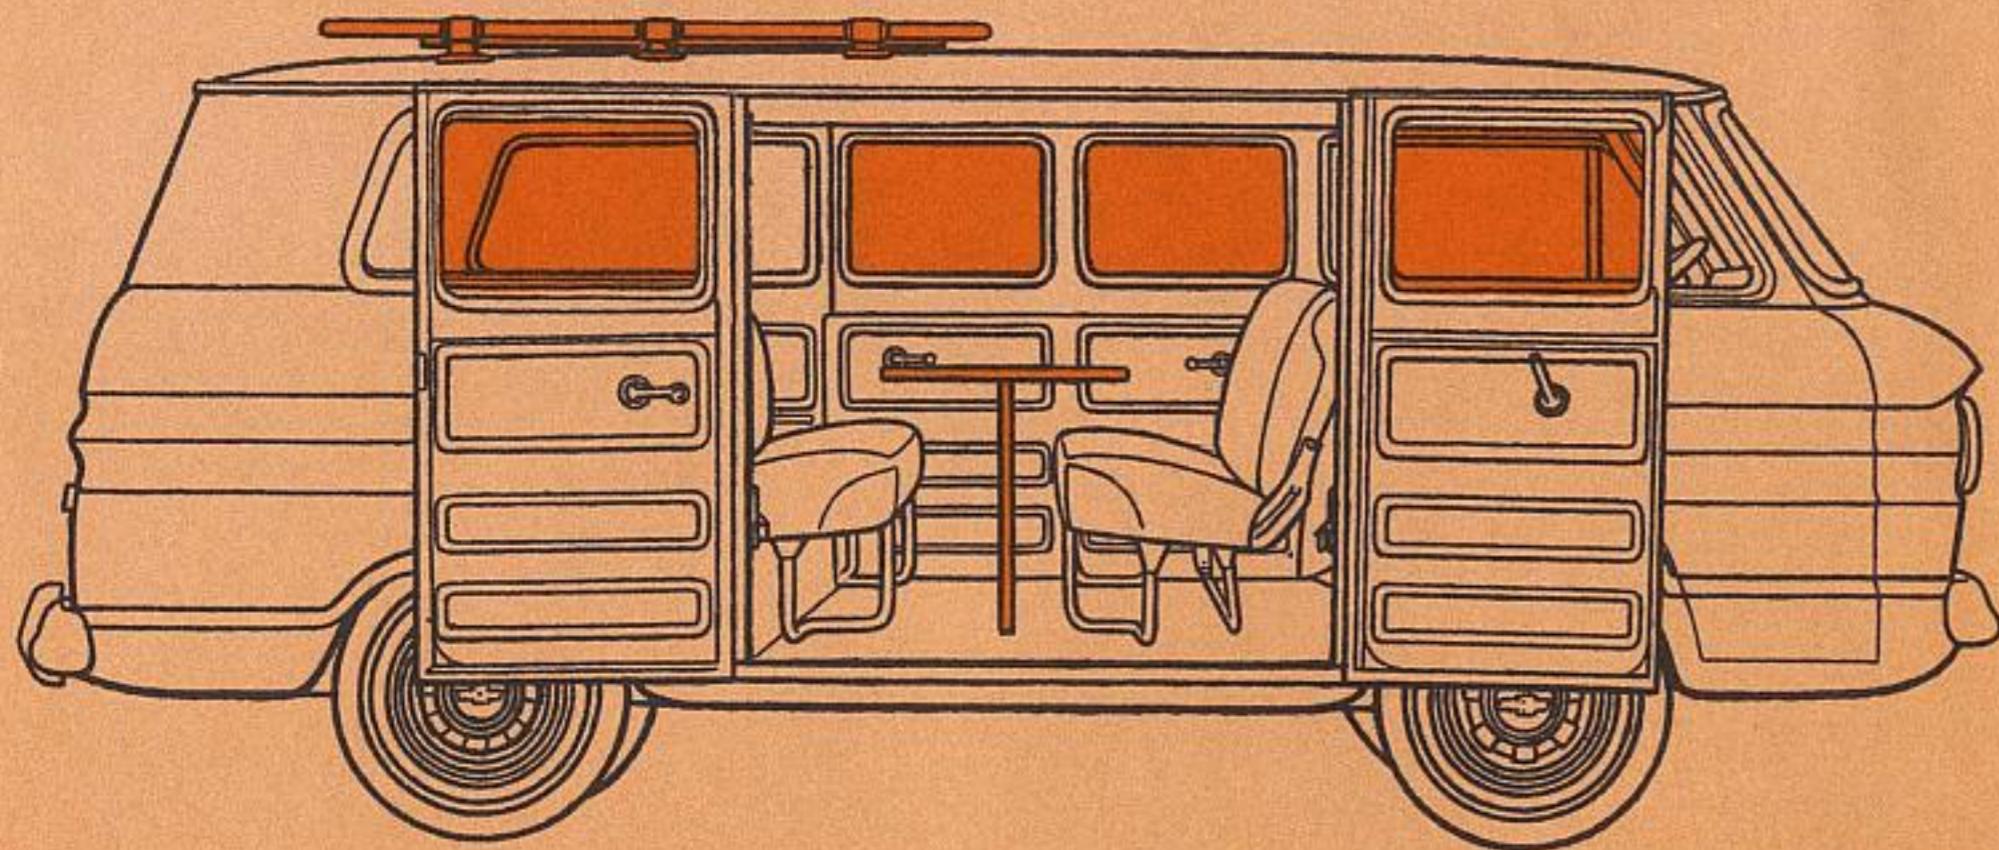

Famous Pop-Tent design pops up in minutes, has enough room to accommodate four adults on air mattresses. Sail boat drill cloth (7.68 oz.) in red and white. Sturdy Fiberglas ribs eliminate need for interior poles. Tent is 6 ft. 4 in. high with 8 ft. x 10 ft. pearl-gray, sewn-in floor. Complete front zipper closure. Large 22" square rear window with nylon mosquito netting. Eight steel stakes. When broken down, tent and stakes—even the shelter unit described below—fit into a sturdy carrying bag with draw-type opening.

Tent Unit—985101

SHELTER UNIT—versatile windbreak or canopy

Handy tarpaulin finds many uses—as a four (4) pole canopy providing shelter and shade, as a windbreak, or as a protective covering draped over camping gear. 13 ft. long, 10 ft. wide at front and 7½ ft. wide at rear. (Does not attach to vehicle.) Made of 10.10 oz. Army Duck in red and white colors to match Tent Unit described above. Comes equipped with four sectioned aluminum poles (two 8-ft. poles and two 7½-ft. poles), four ropes, four steel stakes and four steel rope tighteners. Shorter poles insure adequate slope for drainage. Tarpaulin is reinforced at strain points with Chrom-Leather for longer life

Shelter Unit—985106

WINDOW SCREENS for insect-free comfort

Attached to the two center windows on each side of the Greenbrier, these custom-made screens allow perfect, insect-free cross ventilation to the interior of the Greenbrier. And they're mounted so as not to interfere with the operation of the windows. Package includes four rustproof aluminum screens. No. 8 screws are provided for mounting in left side panel windows. Two pairs of brackets are provided for mounting in windows of double doors on right side. Extra pairs of brackets are also included for vehicles with optional double doors on left side.

Window Screens—985100

LUGGAGE RACK adds even more cargo space

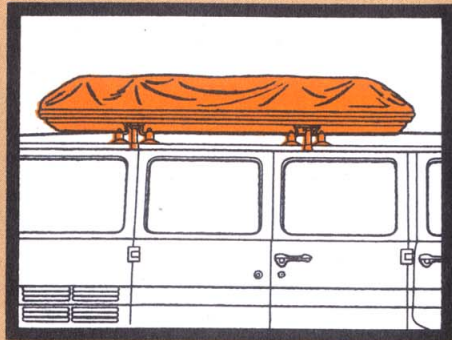

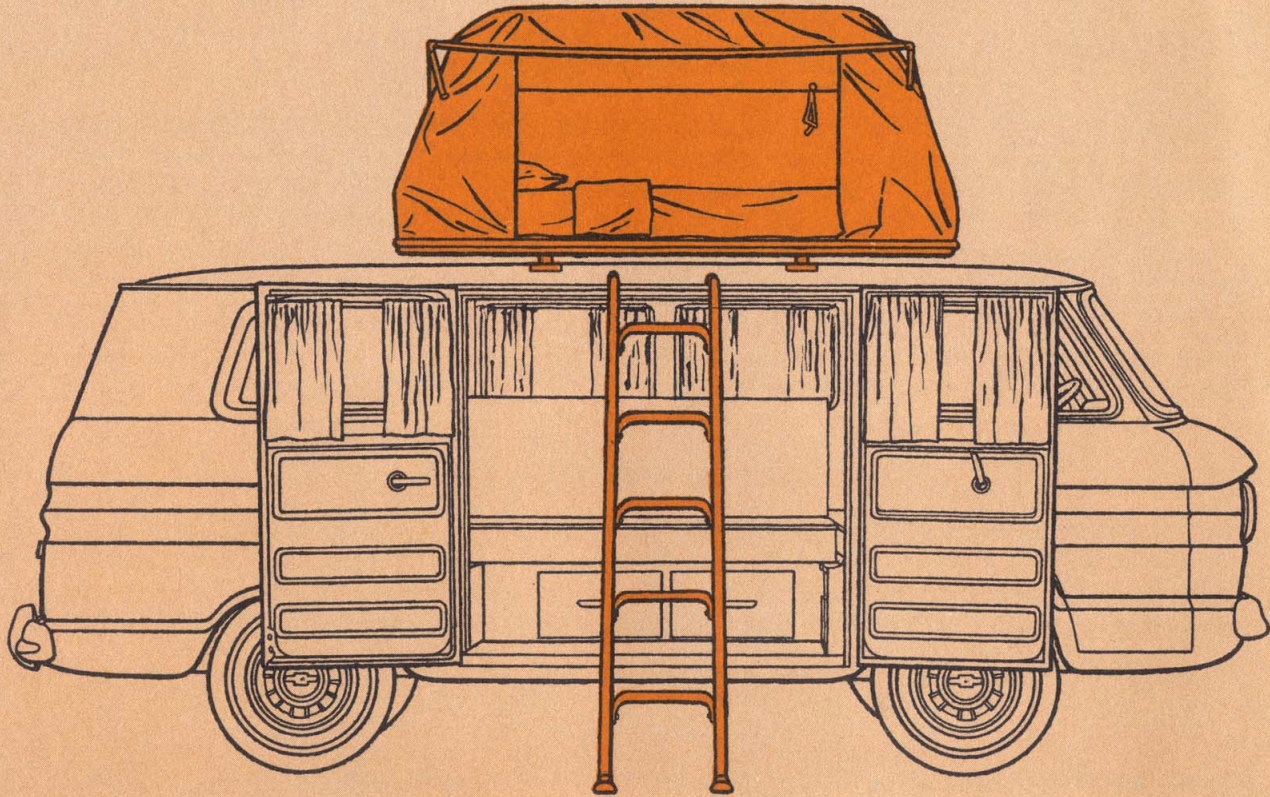

Permanently mounted roof-top rack adds 19½ sq. ft. of cargo space to Greenbrier. Accommodates a wide variety of cargo, camping equipment, or luggage. Bed and side rail are stainless steel, rail supports are chrome-plated to prevent rust and corrosion. Rubber pads at all contact points with roof make the rack squeak-proof and rattle-proof.

Luggage Rack—988398

CUSTOM GREENBRIER TABLE for hundreds of uses inside or outside the Greenbrier

Here's an ingenious table that converts the Greenbrier into a mobile office, dinette or recreation room, and serves double duty inside or outside the vehicle. Inside the Greenbrier, the table is set up ahead of the rearmost seat (with optional third seat, second seat must be reversed to face the table as well). Large 2 ft. x 4 ft. table is firmly attached for inside use. For outside use, the unit is easily removed from the vehicle, and legs are attached to form a three-legged outdoor table. Out on the job, businessmen, engineers, surveyors and salesmen will appreciate the large desk surface. Families will find the table ideal for camping, picnicking, and use during long family trips.

Custom Table—985107

CAR TOP SLEEPER UNIT ready-made upper berth for two

Economical way to save on vacations, weekend trips, or hunting and fishing expeditions. When you stop for the night, just put up the two-piece ladder, raise the tent and your bed's all ready for a restful night's sleep, out of the way of insects and animals. You'll find the Car Top Sleeper pays for itself on what you save in lodging bills.

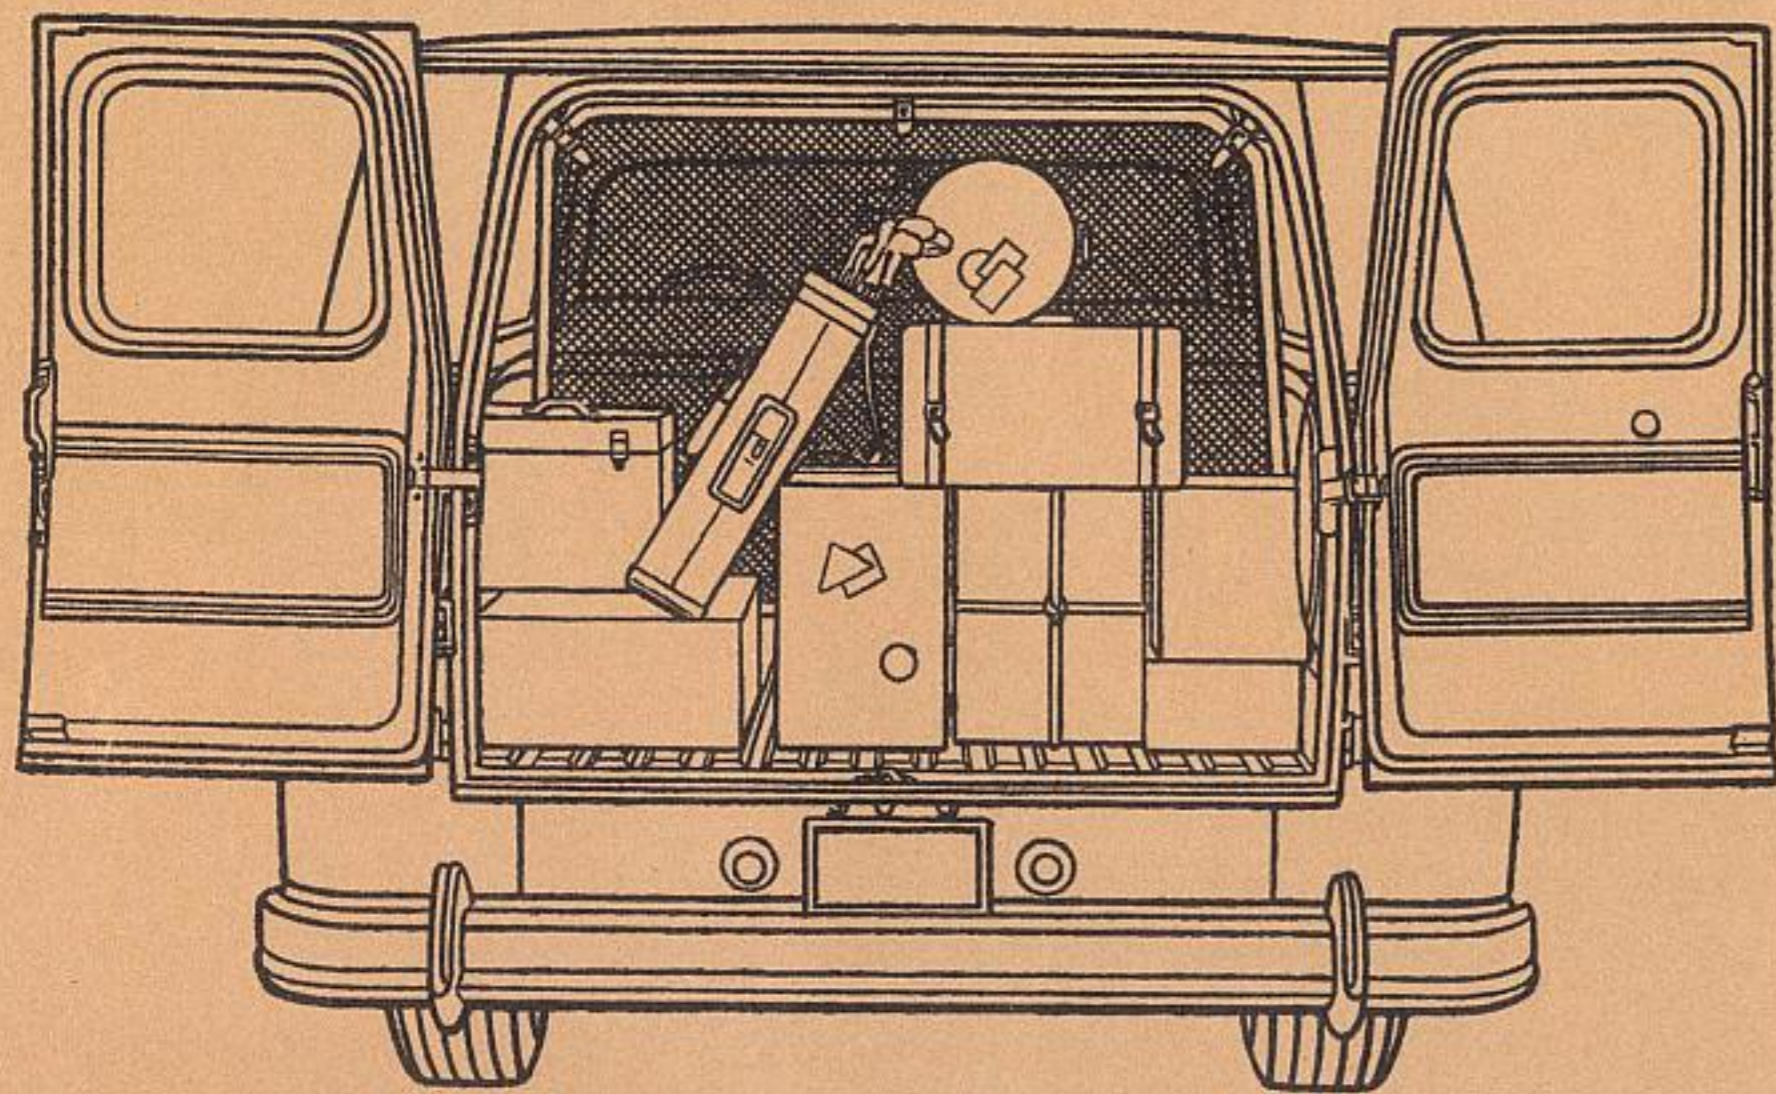

Car Top Sleeper Unit includes:

SLEEPER UNIT—6½ ft. x 4 ft.—33" high when erected. ¼" plywood base. Large enough for a ¾-size double bed mattress or two 24" x 72" air mattresses which remain in place when the unit is folded down into a neat package for traveling (see illustration). Collapsible metal frame supports durable, waterproof olive drab canvas. Nylon mesh mosquito netting for entrance and side window. Canvas cover protects unit while traveling and can be used as canopy when unit is raised. (Poles and guy ropes for canopy not furnished with unit.)

TWO OAK BARS—To support unit on Greenbrier roof. Includes 8 suction cups, 4 safety straps, 8 brackets, 4 rubber-coated drip mold hooks, and small hardware.

LADDER—Two-section unit with four rubber tip protectors. Can be carried in sleeper unit or inside vehicle.

Car Top Sleeper Unit—985102

CARGO AND BAGGAGE SCREEN permits floor-to-roof

stacking of cargo

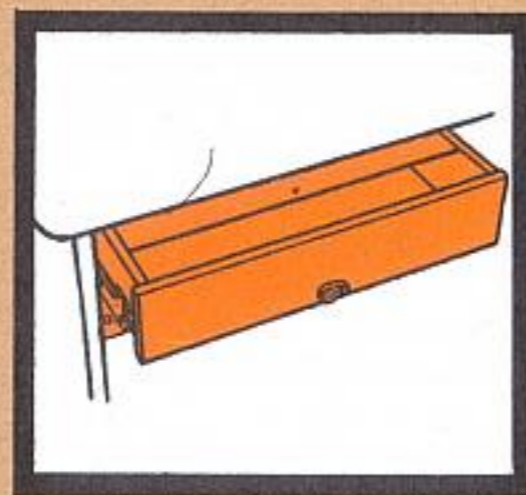

Campers, sportsmen, families, resorts and hotels will appreciate this helpful aid which permits full use of Greenbrier's rearmost cargo space. It's a nylon net, attached to the roof and floor behind the rear seat, enabling baggage and cargo to be stacked right up to the roof with no danger of toppling over on passengers. Made of exceptionally strong nylon mesh, the net is bordered with a white vinyl trim reinforced by steel rods at strap attaching points. Five heavy-duty adjustable straps permit easy installation and removal. When rear is not loaded, net still allows driver rear view vision through rear doors.

Cargo and Baggage Screen Unit—985104

UNDERSEAT DRAWER handy for small items

Sturdy, rattle-free drawer fits under intermediate seat. 15" deep, 35" wide, and 7" high. Sliding top protects drawer against dust, makes it ideal for storing clothing, cameras, delicate instruments, camping gear, or business records, without any need for dust protection wrapping. Drawer is also handy for sports equipment, children's games, parcels and small luggage. Slides on each side of drawer glide smoothly over tracks installed on top of seat frame. Friction latch attached to floor keeps drawer secure and rattle-free. Drawer can be installed to open either rearward or forward, dependent on seat position.

Underseat Drawer Unit—985105

FOR YOUR OUTDOOR

EXPEDITIONS

Here are some useful, practical items for picnickers, campers, and sportsmen which are easily carried inside the Greenbrier. They can be purchased in retail stores. For your nearest source, write direct to the manufacturer.

COLEMAN SNOWLITE COOLERS

Coleman offers lightweight durable coolers of 7-gallon and 14-gallon capacities. They have a corrosion-proof Royalite base, lid and interior. Two models have a hinged lid and chest-type handles. Still another has a bail handle and removable lid. All models are available in green, charcoal, or patio pink.

COLEMAN SNOWLITE JUGS

These completely insulated jugs are ideal for either hot or cold liquids. 1- and 2-gallon models, with either a bail handle and nylon push-button faucet, or a unique Pitcher Pour handle and shoulder pouring spout. Available in green or patio pink.

COLEMAN CAMP STOVES

A complete line of outdoor cooking stoves, ranging from large three-burner models that close up like a suitcase to a compact single-burner stove only 10½" in diameter. Some

models operate on unleaded gasoline, others use LP gas cartridges.

COLEMAN FLOODLIGHT LANTERNS

These smokeless, stormproof lanterns feature one or two mantles. They operate on unleaded gasoline and cast a brilliant light equivalent to 300 watt power.

Coleman products are manufactured by The Coleman Company, Inc., Wichita 1, Kansas.

PORT-A-CAMP KITCHEN

Complete, lightweight, aluminum kitchen that carries like a suitcase. Includes two-burner stove and 31 items, ranging from 8-cup coffee percolator to table service for four. Manufactured by Nichols Metals Mfg. Company, Inc., 3150 Dodge Road, Kansas City 15, Kansas.

LAACKE 14-PIECE SERVICE FOR FOUR

Includes coffee pot, 3 kettles, 2 frying pans, 4 plates, 4 plastic cups, and 2 frying pan handles. All items nest into the largest kettle.

LAACKE STAINLESS STEEL TABLEWARE

24-piece set provides stainless steel knives, forks and spoons for six people. Complete with carrying case. Laacke items are available through

Laacke's Camp Outfitters, 1025 West Walnut Street, Milwaukee 5, Wisconsin.

INSULATED CAMP COT

Sturdy, spring-steel camp cot 30" wide, 76½" long and 8" high. Canvas cover insulated with 1 lb. dacron polyester fiberfill material. Manufactured by Nestle Down Folding Camp Bed, 417 E. Pine St., Seattle 22, Washington.

DAPCO AIR MATTRESSES

Dapco offers a wide variety of air mattresses in

various sizes and colors. Most come equipped with a repair kit and the Dapco Inflato Bag for inflating. Available through Davis Products, Inc., 7765 Lemona Avenue, Van Nuys, California, P. O. Box 3427.

DELTA ASTROLITE LANTERN

Multi-purpose lantern that mounts on a twin-pack 6-volt battery. Spotlight shoots brilliant 800-ft. beam. Flashing red light on swinging arm visible for one mile. Manufactured by Delta Electric Company, Marion, Indiana.

FOR YOUR YEAR-ROUND PLEASURE

RADIO AND ANTENNA

Latest electronic developments give this compact, manually tuned radio exceptional tone quality, good station selectivity and performance. The radio features four low voltage type tubes, a high power audio transistor, a 6" x 9" speaker, straight line tuning, automatic volume control and printed circuits. Shipped complete with all attaching parts and engine suppression materials.

Available as a dealer or factory installed option. **Radio and Antenna**—988334 or FOA 123.

NEW FORCED AIR HEATER

Provides crossflow heating from four outlets—one large low outlet in front of vehicle, one large outlet under rearmost seat, and two defroster outlets. Utilizes heat from engine. Hot air from around cylinder banks is blended with

cooler air, then distributed throughout vehicle by three-speed heater blower.

Forced Air Heater—985088 or FOA 113.

GASOLINE HEATER

Highly efficient, delivers heat in just 30 seconds. Amount of heat controlled by temperature control knob. Fuel for heater is taken from gas tank.

Gasoline Heater—988367 or FOA 128.

PUSH-BUTTON WINDSHIELD WASHER

Important safety item that's easy to operate. You just press the button in the center of the windshield wiper control knob. Spray of water and windshield wipers automatically go into action to wash windshield. When glass is clean, you simply turn off wipers. Electrically operated washer is designed for both single and two-speed windshield wipers. Washer's mechanical water pump attaches to wiper motor.

Windshield Washer—988332 or FOA 130.

REAR DOME LAMP

Mounted on the roof panel bow, this dome lamp illuminates the entire rear area of the Greenbrier. Makes it easier to load and unload at night. Provides safer entrance and exit for passengers. Shipped complete with all necessary wiring and switch. Quick and easy to install.

Rear Dome Lamp—988346.

OUTSIDE REARVIEW MIRROR

Load the Greenbrier right up to the roof. You still have a safe, clear view of the road behind with this large, vibration-free mirror. 7½" x 10½" non-glare mirror mounts on either left- or right-hand door. Finished in black enamel to prevent rust and corrosion.

Outside Rearview Mirror—988355.

SPOTLIGHT AND MIRROR

Handy dual-purpose item. Five-inch sealed beam

spotlight casts a bright beam of light 1000 ft. Rear of spotlight head features adjustable rear-view mirror. Both light and mirror can be adjusted to any position from inside. Mounts on either left or right side of vehicle.

Spotlight and Mirror—988335.

BUMPER GUARDS

Two heavy spring steel guards form an effective barrier against bumper locking and over-riding, provide additional protection for front or rear end panels, or front grille. Easily installed on front or rear bumper face. In painted or chrome finish to match Greenbrier bumper.

Bumper Guards—988373, Chrome
985070, Painted.

RIGHT-HAND SUN VISOR

Easily installed passenger comfort feature for standard Greenbrier model. Visor is supported by a sturdy frame. Color keyed to match left-hand Greenbrier visor.

Right-hand Sun Visor—988352.

VENTSHADES—FRONT DOORS

Smartly styled stainless steel Ventshades add a distinctive touch to Greenbrier, permit front windows to be kept partly open even in the heaviest rains. Shades attach to the top of window opening on front doors. Underside of shades finished in soft green to reduce sun glare.

Ventshades—985025.

SEAT SAFETY BELTS

Recommended by all safety groups and insurance companies to reduce danger of serious injury in traffic collisions. Sturdy seat belts are made of 2" wide gray nylon webbing with a metal-to-metal quick release type buckle. Belts are acceptable in all states requiring state approval and meet or exceed specifications of the Civil Aeronautics Authority and the Society of Automotive Engineers. Shipped complete with all attaching parts.

Seat Safety Belts—988375.
