Technical Service Department

SUBJECT: ENGINE USAGE AND IDENTIFICATION - 1961 CORVAIR AND CORVAIR "95" MODELS

BULLETIN No. DR #472

SECTION VI

TO: ALL CHEVROLET DEALERS

April 4 , 1961

Several recent changes have been made in the engine usage for 1961 Corvair and Corvair "95" models.

The chart on the reverse side shows the current engine usage, engine number suffix letters for identification purposes and other pertinent data for the various model engines.

A handwritten signature in cursive script, appearing to read "J. Russell".
